CALL ROSEBOROUGH TRAVEL AGENCY FOR MORE DETAILS: 386-734-7245

CHINA:

"If you want to know more about China come to our Experience China Presentation April 3rd or join our escorted group trip March 2015"

DID YOU KNOW

1. 100 million people living in china live on less than \$1 per day.
2. Fortune cookies are not a traditional Chinese custom. They were invented in early 1900 in San Francisco.
3. China uses 45 billion chopsticks per year.
4. The World's First Paper Money was created in China 1,400 years ago.

COSTA RICA:

"Does the rich culture and pure life of Costa Rica inspire you? Join our group trip October 17, 2014"

1. There are over 130 species of fish, 220 of reptiles, 1,000 butterfly's (10% of the world's butterfly's are in Costa Rica!), 9,000 plants, 20,000 species of spiders and 34,000 species of insects!
2. "Pura vida" is the national saying, which means "pure life," a sunny, feel good expression used as a greeting, goodbye, or if someone asks how you are doing.
3. More than 25% of Costa Rican land is protected national parks and refuges.
4. There are more than 121 volcanic formations in Costa Rica, and seven of them are active. Poas Volcano has the second widest crater in the world and Arenal is one of the ten most active volcanoes in the world.

PANAMA CANAL:

"Experience it yourself, take a Full Panama Canal cruise on Holland America with us April 2015"

1. The canal is not just a "path" of water between the two oceans. There are a series of 6 locks in two parallel tracks that raise and lower ships between the Caribbean Sea and Pacific Ocean.
2. The locks had to be built because of the terrain. The highest point is 85 feet above sea level.
3. The locks are about 1000 feet long, so ships must be shorter than that to pass through. Many ships are built specifically to fit the Panama Canal. A new canal is being built to accommodate larger ships.
4. Ships do not simply sail through the canal. They idle through while they are guided by electricity-powered "mules" attached to the ship with cables.
