

WINE APPRECIATION RIVER CRUISES

Your palate will applaud as these enriching adventures teach you what to look for in a good wine. A distinguished Master of Wine will come on board to show you the ropes during a lecture and wine tasting. Visit a local winery and attend wine tastings conducted by a wine expert. Also, savor a special dinner featuring food and wine pairings. Depending on the cruise departure, other features may include visits to wine museums, an onboard chocolate and wine tasting, or excursions into famous wine regions with tastings.
