- ✓ Included sightseeing along the Panoramic Route
- ✓ Spend two nights in Zimbabwe including a Sundowner Cruise on the Zambezi River
- ✓ Tour Victoria Falls – Nature's supreme masterpiece
- ✓ Enjoy a Boma dinner with traditional music and dance

Local LORE

Victoria Falls, *Mosi oa Tunya* – *The Smoke that Thunders*. This world famous chasm, the genuinely powerful and amazing Victoria Falls, marks the end of the upper course of the Zambezi River. It is here, that the deceptively calm river waters rush to tumble over the 1.25 mile long gorge. This sensational raw energy creates a thunderous roar as the whole Zambezi wildly crashes into the abyss creating the aptly names "Boiling Pot" at the bottom. An enormous spray cloud, sometimes over a mile high, explodes into the air from the water as it reaches the bottom of the bubbling Batoka Gorge – which is twice as high and long as Niagara Falls.

Cape Town

Cape Town is known as the 'Mother City' in South Africa. It is also one of the most iconic cities in the world. Cape Town is the second largest city in South Africa and is the capital of the Western Cape Province, as well as being the legislative capital of South Africa where the Houses of Parliament are located. Cape Town is located in the south-west corner of the country near the Cape of Good Hope. It is the most southern city in Africa. For thousands of years, Cape Town was inhabited by the Strandloper, ancestors of Kalahari Bushmen. Cape Town's European history began in 1652, when Jan van Riebeeck established a trading post there on behalf of the VOC, or the Dutch East Indies Company. The first European settlers were mainly Dutch, with some French Huguenots that had to flee from religious persecution in their home country.

Your excursion to Table Mountain, Cape Town's most iconic destination, includes the ascension on the Aerial Cableway. At the top, discover the stunning views of the surrounding oceans and the city below.

Your city tour will include the most interesting museums. On your visit to the Bo Kaap Museum, in the heart of the Cape Malay quarter, you'll see the building that was built in 1763 and has been restored to represent a typical Malay-style dwelling in the 19th century.

Jackass Penguins at Boulder Beach

SOUTH AFRICA AND VICTORIA FALLS

Spend two nights in Kruger National Park

The Cape of Good Hope

The museum documents the history of the Malay people in the Cape, who were originally brought to the Cape as slaves. You will learn of the story of the local community within the national social, political and cultural context. You'll visit the oldest standing colonial building, the Castle Military and Iziko Museums, as well as the South Africa Museum, beautifully located at the top of the enchanting Company Gardens.

Cape Town and the Peninsula

Enjoy a full-day excursion to the Cape Peninsula. Begin with a visit to Houtbay Harbor and the fishing village of Hout Bay—one of Cape Town's best-kept secrets. On a boat cruise you will see thousands of Cape Fur Seals in their natural environment. Continue along the spectacular coastal scenery to Chapman's Peak (weather permitting) enroute to Constantia Berg, the highest point. On your visit to the famous Cape of Good Hope, you see the rich biodiversity of life – both flora and fauna. The morning finale is a visit to Point Nature Reserve (a Natural World Heritage Site) and a ride aboard the Flying Dutchman Funicular to the old lighthouse. With views overlooking the Atlantic Ocean and the purest air in the world coming from the Antarctic, it's an amazing experience. The day rounds out with a visit to Boulders Beach, home to the Jackass Penguins, and a most memorable visit to the Kirstenbosch National Botanical Gardens.

Johannesburg

Johannesburg is the largest city in South Africa by its population. It is the provincial capital of Gauteng, the wealthiest province in South Africa, and the seat of the Constitutional Court, which has the final word on interpretation of South Africa's constitution. Johannesburg is the source of a large-scale gold and diamond trade and the launching point for your upcoming game drive adventures.

Kruger National Park

Home to prolific birdlife and numerous other game, you'll spend time with qualified guides in the African bush. Learn about the diverse wilderness and go in search of wildlife, including the "Big Five" – the lion, African elephant, Cape buffalo, leopard and rhinoceros.

Enjoy a safari excursion in Kruger National Park

Witness the natural wonder of Victoria Falls

Panorama Route

Your visit to 'God's Window' showcases a breathtaking natural rock formation that allows for spectacular views of the Lowveld and ravine, the Lebombo Mountains and Kruger National Park. You'll see Blyde River Canyon, one of South Africa's most popular natural attractions with over 150 miles of sheer cliffs. You continue on to beautiful Lone Creek Falls. Declared a national monument, the area is known for its scenic beauty and fantastic bird life along the "waterfall route." On your visit to Bourke's Luck Potholes you learn of natural and socio-historical features of the region. Spend time at The Tree Rondawels, known as the Three Sisters, the mountaintops that resemble the pointed roof of a traditional African homestead.

Victoria Falls

Witness the awe-inspiring sight, sound, smell and humbling feeling that Victoria Falls ensues. This is Nature's Supreme Masterpiece that will be showcased by regional guides as you travel through the rainforest and share all of the flora, fauna and history of the Falls. Enjoy an evening Boma dinner of Zimbabwean dishes, complete with entertainment by traditional dancers, a storyteller and a witchdoctor as a grand finale to your experience in South Africa.
