The Youth & Teen Program from Princess Cruises® — parties, games, activities and more, sun-up to sunset!

PRINCESS CRUISES
escape completely®

It's always playtime for Pelicans — ages 3 to 7

Our youngest cruisers — Princess Pelicans — will enjoy sports and games, arts and crafts (including craft kits designed by Klutz exclusively for Princess Cruises), T-shirt coloring, movies and cartoons, and of course, pizza and ice cream.

On select voyages, exciting educational workshops are offered just for kids — like our Pete's PalsSM Program, in which each child participating receives a complimentary special edition toy as a way to learn about endangered/threatened species in the regions we sail. Our Kids Fair delights with cookie decorating, face-painting and other playful activities — plus Pelican Pete and other characters pay a visit. In the evenings, Princess Pelicans can take part in fun events such as kids' talent shows and pajama parties. They'll also enjoy special "get together" dinners with other children in their age group. Each day's activities are listed in the *Youth Patter*, our daily schedule of events just for kids delivered to your stateroom.

6:00pm–10:00pm
10:00pm–1:00am[†]

[†]Group Kidsitting for ages 3–12

*Lunch included

Shockwaves is a blast — ages 8 to 12

It's non-stop fun for our pre-teen cruisers on every voyage. PlayStation®2/3 and Nintendo® Wii™ tournaments reach a whole new level when they are played on our giant outdoor Movies Under the Stars® screen. Kids can participate in talent shows, or learn to cook with our Jr.CHEF@Sea* program. Outdoor sports competitions raise the energy level, while movies and cartoons inside provide a chance to kick back and relax. And activities like arts and crafts and scavenger hunts keep kids on the go. In the evening, they'll attend themed parties and, twice each cruise, enjoy special dinners prepared just for them and their newfound friends.

Our exclusive partnership with the California Science Center also gives kids a chance for hands-on learning experiences, including conducting chemistry experiments and building miniature rollercoasters. Specially trained youth counselors conduct science programs to study ocean habitats, explore our solar system and more. It's just one more option for a great day at sea!

Note: Movies Under the Stars is available on select ships.

Remix is where it's at — ages 13 to 17

Introducing Remix — where teens can make new friends, hang out, or get in the groove with some great activities. They'll thrill to the adrenaline rush of a PlayStation®2/3 and Nintendo® Wii™ tournament played poolside on the giant Movies Under the Stars® screen, and pump up the volume in hip-hop dance classes and DJ workshops. They can even learn make-up and skin-care techniques with "teen makeovers." In addition, teens will enjoy videos, music, sports, foosball, card and board games, cooking courses and much more.

Evenings are always exciting, with dance parties and hot tub gatherings, late-night poolside movies, talent shows, "mocktail" parties, a teen casino night and other fun-filled events. And special dinners are prepared just for them, including a formal evening complete with souvenir group photographs. Remix is the hottest thing at sea for teenage cruisers!

Note: Movies Under the Stars is available on select ships.

More fun under the stars and sun

Day and night, our popular Movies Under the Stars® gives kids the chance to meet up by the pool for Hollywood blockbusters shown on a 300-square-foot LED screen with a state-of-the-art sound system.

Grab some refreshments and complimentary popcorn, and enjoy the show! In addition to recent releases, there are family films, sports, cartoons, concerts ... and even Wii® tournaments!

Note: Movies Under the Stars available on select ships.
