

## HOLLAND AMERICA LINE

Bring your family on a spectacular Holland America Line cruise to places like the Caribbean, Alaska or Europe. It's as if you're getting two vacations in one - one for you and one for your kids. Time for togetherness and time for a little alone time.

That's because with the Club HAL activity program, kids will feel as if they're on a ship catering just to them. For starters, each cruise comes with its own youth coordinator. These are professionals dedicated to making sure your kids enjoy themselves to the fullest. There's also a youth-only video arcade, indoor and outdoor pools and special fitness programs. There's even a customized menu, featuring all-time favorites like grilled cheese sandwiches, pizza, hamburgers, spaghetti and ice cream sundaes.

In short, Club HAL offers kids everything they need to have the time of their lives.

### Endless activities on board . . .

Maybe your kids will enjoy movies and pizza tonight or join in on a ping pong tournament or be a star at karaoke. There's so much to do. And to be sure they don't miss a thing, they'll find a full list of each day's activities printed on a Club HAL news bulletin delivered right to their stateroom each day.

No matter what activities your kids choose, it's all supervised. So you don't need to worry about a thing. Just sit back, relax and enjoy the best Holland America has to offer.

You'll find the staterooms are quite spacious and large enough to accommodate your entire family comfortably. And if you're traveling with infants or toddlers, you'll appreciate the complimentary diapers, baby formula and baby food. We even offer baby-sitting service on request, making it easy for you to go dancing, take in a show or visit the casino.

Holland America's Ryndam, Rotterdam and Zaandam offer enhanced children's programs that start as young as age three.

### . . . and on shore.

The fun doesn't stop once you reach land, either. If your destination is the Caribbean, your kids will have the chance to build sandcastles on a white-sand beach or go snorkeling in crystal blue tropical waters.

Cruise with us to Alaska, and kids can enjoy a wide range of exclusive shore excursions. They can hike up one of Juneau's backyard mountains, fly in a float plane in Ketchikan, see bald eagles in Sitka, and take a haywagon ride in Skagway.

### There's Something For Everyone

**Ages 3 - 5**  
(offered aboard Ryndam, Rotterdam and  
Zaandam only)
