Theme Cruises. Venturing further into your areas of interest.

For some, a hobby is more than a passing phase, an interest is more like a lifelong passion, and a cruise is better defined as a journey of discovery.

For these special adventurers, we created our exciting Theme Cruises, a selection of sailings that bring you not only informative instruction and fascinating lectures on board, but also corresponding Crystal Adventures ashore.

Depending on your itinerary—and your own unique interests—you might explore the world of film and theatre,

find the balance to be achieved with yoga and Tai Chi, appreciate the culture and art of the ports you visit, dance to big band tunes, sway to jazz riffs, improve your golf game, attend lectures on current events and past history, or indulge your cravings to learn more about wine and food.

Whatever topic gives you a sense of wonder, your voyage with Crystal Cruises will give you the sense that you are experiencing a very special cruise indeed.

Yamaha

It all started in 1887, when Torakusu Yamaha began producing reed organs, thus founding what is now the world's largest manufacturer of a full line of musical instruments. Yamaha's ongoing commitment to quality and service puts it in perfect harmony with Crystal Cruises.

Berlitz

German immigrant Maximilian D. Berlitz founded his namesake company in 1878 in Providence, Rhode Island. The rest, as they say, is *historia*, as Berlitz is now the foremost provider of language training, with more than 475 locations in over 65 countries—and on two Crystal Cruises ships—worldwide.

Tai Chi Cultural Center

Dr. Martin Lee, a Stanford University physicist, and his wife, Emily, established the Tai Chi Cultural Center in 1974, synthesizing ancient philosophy with modern science to create their unique “do nothing extra” method, a minimalist approach that yields maximum results.

The Cleveland Clinic

In 1921, four physicians founded The Cleveland Clinic on three principles: cooperation, compassion and innovation. Today, *U.S. News & World Report* consistently names The Cleveland Clinic one of the nation's best hospitals in its annual “America's Best Hospitals” survey.

The Society of Wine Educators

Since 1977, the Society of Wine Educators has facilitated learning and set standards for a vast network of enthusiasts who write, read or talk about wine, along with those who produce, sell or drink wine—in other words, just about anyone who has ever sipped a Cabernet.
